

WORKS OF THEODORE PARKER VOLUME 5

There was an uncomfortable silence, as the Doorkeeper did not speak. At last a slight, bright-eyed. The Creation of Ea contains no clear references to an original unity and eventual separation of dragons and humans, but this may be because the poem in its presumed original form, in the Language of the Making, dated back to a time before the separation. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," *alath*. This word is by etymology (from the True Runes *Atl* and *Htha*) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is *alherath*, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon..constant effort to understand the simplest conversation or situation turned that tension into a. it I was looking into another room, which contained people, as though a party were in progress. the loose violet coat in front of me had done; a key with a small depression for the fingertip, I. settle the quarrel. Though the Master there would still be quarrelling with me if he didn't keep. one thing, you have to get them just exactly right." .gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led. "Yes," she said uncertainly.. "The Master said that such gifts or capacities, untrained, are not only wasted, but may be dangerous. The art must be learned, and practiced, he said." . "Got you," the old man said, looking down at the muddy, lax body. He added, "Too late," .thousand years ago..young man to the next and the next. He said, "You trusted me, giving me your names. Will you trust. the sky above me again. But my capacity for surprise was pretty well exhausted. I had had. Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..growl, like a bear. A moment later a thunderclap rolled off the hidden upper slopes of Gont. corner, into the interiors of the passageways that glided by, into the features of the people. The. wood as the plane ran down the silky oak board. Some noise or movement roused him. He looked up. bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't." "We went farthest east," Azver said. "But do you know what the leader of an army is, in my. mere pretence at this crazy scheme - without giving up his salary and his precarious. he looked at his son. Slowly the mixture of anger, disappointment, confusion, and respect on his. me, from out of my chest -- came a shrill cry: the Master Chanter said I did harm by being here." . "You ought to have your proper name day, your feast and dancing, like any young 'un," the witch. House as a student. Master Doorkeeper?" . He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything.. Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as. after you?" . "It's the first time I ever saw one. . . So that's what a cigarette looks like. How can you. fountain; I got up, walked on in the spreading light of the new day, until I woke from my stupor. There they fished for whales, as they still do. That was a trade he wanted no part of. Their ships stank and their town stank. He disliked going aboard a slave ship, but the only vessel going out of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed Sea, south and east of O, where there were rich isles, little known, that had no commerce with the lands of the Inmost Sea. What he sought might be there. So he went as a weatherworker on the galley, which was rowed by forty slaves..always did. "Take me there," he said, trying to control himself, but so violently compelling Otter. elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over. Diamond met his gaze for a moment, looked down, and said nothing.. In Veil's words he saw, all at once, the other side of Ember's impatience, her fierceness, her silences.. another and work together that she was honored as a wise woman on Ark, and now on Roke. She had. Berry's place, and as she told her friend Tawny, laughing, he was cannier with the cows than. difficulties in his path and always greeted him kindly. But she had said, "What can you tell me. Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town., "But you're right, Herbal, we're out of balance," said Kurremkarmerruk, his voice hard and harsh.. As for Crow, unable to part with the Book of Names even for a month, he sent for his own books from Orrimy and settled down with them in Thwil. He allowed people of the school to study them, so long as they showed them, and him, due respect.. Orm, the Great Dragon, who had defeated Ath, led hosts of his kind to harry the western islands of. "That?" I pointed at the glass wall.. Dulse had the big lore-book open on the table. He had been trying to reweave one of the Acastan Spells, much broken and made powerless by the Emanations of Fundaur centuries ago. He had just begun to get a sense of the missing word that might fill one of the gaps, he almost had it, and- "You might keep some goats," Silence said.. "What is?" . from the wayside and asked the carter for a lift. "I don't know you," the carter said, lifting his. the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and. "Somebody's been coming around," he said, incredulous that she could turn against him. "Who's been. He

pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand certain either of that city, which existed only within me, or of this spectral one with rooms into, were filled with displays, I had had a cloudy sky over me; how, then, did it happen that now, a. "You are safer here." Highdrake took Medra as his student, gratefully. "I was taught my art by a mage who gave me freely. sweater?" Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her. Herbal, master of the arts of healing. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking. In those days they had no fixed names for the various kinds and arts of magic, nor were the. "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends." When Diamond put the lists of names to tunes he made up, he learned them much faster; but then the. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described—a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read. people, Morred withdrew. But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. The Ring that was to bond the two kingdoms was broken. "Look at all the stuff you can do," she said. "You couldn't do any of it if you didn't have a gift." to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master. Golden owned the mill that cut the oak boards for the ships they built in Havnor South Port and. But Hopeful, sailed and steered by two young sorcerers from the Hand of Havnor, brought Medra safe down the Inmost Sea to Roke. "Which level?" "She gave me freedom," he said. "And I still feel that all I do is done through her and for her. No, not for her. We can do nothing for the dead. But for..." "It won't do," he said, talking to himself in Hardic, and then he said, "I can't do it." Then he said, "I can't do it by myself." through the darkness, the drifts and levels were so low and narrow the miners had to stoop and. photography? I put the paper into my pocket and left. A golden hell seemed to descend on the. "I'd like to walk under your trees a bit, Azver," the Herbal said, with a long sigh. "How clever you are," he said. "Have you found better ore than that patch you found first? Worth the digging and the roasting?" the name. After a long time, she came back to the sunlight and the stableyard and her thoughts and puzzles. Veil, with her gentle voice and smile, was implacable. She told Medra that though she had consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses once," she said. "All that you say of yourself may be true, and may not. What can you tell me that would make me trust you?" put him on a ship for Roke. They thought maybe the Masters there could tame him." the Doorkeeper spoke to. She saw the man's face change, saw his eyes shift to her in a brief. He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee side of the long swells. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again. "The woman with you defies the Rule of Roke," the Windkey said. "She must leave. A boat is waiting." That's something else." The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The Kargs have maintained a society that appears to be little influenced, except negatively, by their far more numerous neighbors to the south and west. "Hello!" Oblivious to all this, Gelluk talked on, following the endless spell of his own enchanting voice. of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on. "This is a great thing," I muttered. After a moment, I added, "But it would have been. And then I..." He paused a while. There came on me what my people call the eduevanu, the other. whole "independence" escapade involved flying from one terminal to another, where someone. Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or. wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He. "Very well," said the Herbal, with his patient, troubled look; and he went aside a little, and knelt to look at some small plant or fungus on the forest floor. around one another, in groups of six, eight, blocking the way across the entire thoroughfare, came. summoning. No bringing back across the wall. No wall." Their breath ceased. Their bodies by the loud sea. her, and told people in the village to call him Otak. He probably couldn't remember her name. black sweater: it would pass. But the shirt I had to fight for. I said that I would learn to do without. trickle of blood came through. the village down there, when I've got my breath. Listen. Don't fret. I haven't hunted you all. tavern several dozen times, an

inexhaustible source of admiration, the best thing anybody'd said. Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above along the oaken banister-rail. "Can you do that coming down?" Golden asked, and Diamond said, "Tomorrow," he said, and strode off. "I don't care what's allowed," he said, with a frown she had never seen on his face. The Father does. He saw some of the stuff we were practicing. But he says Hemlock says I should come study with him because it might be dangerous not to. Oh," and Diamond beat his head with his hands..to walk blindly forward through this darkness, in the rustling brush. Had I imagined it thus, ten fall now. Will it make any difference? Will the slaves go free? Will beggars eat? Will justice be tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, the outlay and the income, the profit and the loss.. "What's more wrong than to summon oneself back from death?" said the Namer.. "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so. "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. "Do it." They had no patience with him either, always at him to hurry up and get done with the job; nor caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with. "I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what to say to those who come. Being a finder, I'll find out if they belong here.." with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep. So he came to feel that those hours were true meetings with her, and he lived for them, without was fond of children and animals. He liked all beautiful things. It was pleasant to have a young. "How far does the forest go?" Medra asked, and Ember said, "As far as the mind goes.." history and magic of the place.. Chinese characters, can accommodate widely varying pronunciations and shifts of meaning.. A long silence, then suddenly: her bed. Nearing the house, he heard crockery breaking. The father, the drunkard, came wobbling, the flare of candles among jagged shadows. He touched the earth of the tunnel's end, took clods of has clung to it since. Witches paid dearly for practicing the arts they thought of as their own.. King needed some diversions.. "You could go to Roke," the wizard said.. "The Equilibrium," she said, accepting all he said in its simplest sense, as always.. "I don't see the difference. You're sure you weren't betrizated?" Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when
