Does that still stand?".The Podkayne was barely visible behind a network of multicolored vines. The vines were tough enough to frustrate their efforts to push through and enter the old ship. But both lock doors were open, and sand had drifted in rippled waves through the opening. The stern of the ship was nearly buried..Science: Clone, Clone of My Own by Isaac Asimov 101.1 See You 3."What do you do?" she demanded..could be imagined: red and yellow and brown rock outcroppings and tumbled boulders. Crawford had thought of no better way to describe it. Each of the plastic spikes had blossomed into a fanciful windmill, no two of them just alike. There were tiny ones, with the vanes parallel to the ground and no more than ten centimeters tall. There were derricks of spidery plastic struts that would not have looked too out of place on a Kansas farm. Some of them were five meters high. They came in all colors and many configurations, but all had vanes covered with a transparent film like cellophane, and all were spinning into colorful blurs in the stiff Martian breeze. "Could be," Swley agreed noncommittally..In the pilot's cabin, Crawford was ready to believe her. There was a purposefulness about his mien that had been lacking on his previous visit; a fierce, almost an awesome, determination that made him seem larger than life. In the brig he saw immediately that there was no jailor and then that there was no prisoner. Furious, he rushed into the cell and began to tear apart the bundle of blankets in the corner. And out of the blankets rolled the jailor, bound and gagged and dressed in the colorful costume of the Prince of the Far Rainbow. For it was the jailor's clothes that Jack had worn when he had gone with Amos to the mountain.. "I wish you wouldn't take that attitude, Mr. Riordan," said Jason in a tone of sincere regret "We do like you, and we have enjoyed your company. If we didn't, we would certainly not be offering this opportunity." On the greyest and gloomiest island on the map is a large grey gloomy castle, and great grey stone steps lead up from the shore to the castle entrance. The North Wind was happier than he had ever been since the wizard first made his cave..I heard the door open. I turned and saw Detweiler run out.Everyone halted and put the trunk down on the sidewalk.."He . . . was my brother. We were twins. Siamese twins. All those people died so I could stay alive."
