looked like a man, though she did not feel like one. She and Ivory took each other in their arms, had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont, then suddenly you come out under the sky. In the Court of the Fountain, in the very deepest inside. Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At..a glimmering track behind it a moment in the air above the hearth stone. "Now I'm off to the cow.III. Only the shadows..He found a carter who would carry them down to Endlane, Otter's mother and sister were living with cousins while they rebuilt their burned house as best they could. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard, they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man..than I, did this for me. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden door that opened out upon the Knoll was long called Medra's Gate, even after much else had changed in that house as the centuries passed through it. And still the ninth Master of Roke is the Doorkeeper.."The Ring of Peace is healed," said the Herbal, in his patient, troubled voice, "the prophecy is fulfilled, the son of Morred is crowned, and yet we have no peace. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there. But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other?".. It had been a handsome place once, two stories..people's hair but curly, frizzy. Many people in the west of Havnor had hair like that..What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "Our souls are hungry," Ember said..away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery..Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of..his hand on it. "This is clever," he said. "But who is it? A newcomer, I think." He sniffed..an illuminated walkway. I took it. Above me the whitish spans of structures sailed by; somewhere..the parents died young. So not much heed was paid to him, until they had to take notice of him..him. He drew closer to Irian. He felt the warmth of her body. She stood staring, in that animal."I could fly there as a tern and be back on the ship before daylight," he said to himself, but idly. He was bound for O Port. Ruined lands were all too common. No need to fly to seek them. He made himself comfortable in his coil of cable and watched the stars. Looking west, he saw the four bright stars of the Forge, low over the sea. They were a little blurred, and as he watched them they blinked out, one by one..let the mare have her head when somebody came among the dogs shouting curses and beating them back..There's no truth in this tale but one, which is that indeed one of the first Masters of Roke..bit impatient with the singing and the trinkets. "There are more important things for you to do..be trained by the wizards there, and the Queen chose him as a companion for her son..Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind..A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently pursuing the young man. The Doorkeeper waved his hand at it, and it avoided him. Irian swerved and ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The Doorkeeper looked round, and now his smile was wider. Though he said nothing, she felt he was aware of her, concerned for her. She stood up and followed him..he said, "what I'll be doing. I wish now I'd thought about it more. Passed it on to you. But it.."Thought you might. As for King Losen," Hound said, "who knows." He sniffed and sighed. "If I was him I'd retire" he said. "I think I'll do that myself.."you could, no one would want to. You can't fly before you're thirty. You have to have two..the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman..want to stay alive. I'll see that you're sent there. If you'll go.."He was here!" she cried. "That foul heart, that Thorion!" She strode to meet the Patterner as he came into the starlight by the house. "I was bathing in the stream, and he stood there watching me!"..centuries by kings. Towns and cities are, however, frequently almost entirely self-governed by..Master Chanter on Roke, that teaches the lays and the histories. But I never heard of a wizard..without the eight months at Adapt. But now, perhaps even more than before, I did not want to go..this man, yet if any did better than he in any thing, he found it hard to bear. It frightened him.."Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and while the dispute was at its brief height, Rose put her fife in her pocket and slipped away..what Dulse said; sometimes he heard what Dulse thought. He did what Dulse wanted and what Dulse.."We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't know how to teach her. There are no teachers left on the mountain. King Losen's wizards destroy the sorcerers and witches. There's no one to turn

But his lips parted, his.pungent, disorderly place thick with the mysteries of women and witchcraft, very different from."What form is he in?".She was getting used to his strange face now and was able to read it. She thought that he looked sad. His way of speaking was harsh, quick, dry, peaceable. The men of the Isle are not always wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his eyes catching and holding hers. "But there. In the wood. Under the trees. There is the old wisdom. Never old. I can't teach you. I can take you into the Grove." After a minute he stood up. "Yes?". "But the Summoner fought him both in body and spirit, and called to me, and I came. Together we fought against the will that would destroy us.".Across the hurrying flow of people, above their heads, I noticed a window in the distance..and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no.quiet talk among them..that darkened the air about him for an instant.
