"But, he said, it must be learned and practiced for its own sake." To find her on Hemlock's side was a blow. He drank a mug of beer down in one draft, and the girls with him watched the muscles in his strong throat as he swallowed, and they laughed and chattered, and he shivered all over like a cart horse stung by flies. He said, "Oh! I can't --!" He bolted off into the dusk beyond the lanterns hanging around the brewer's booth. "The Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking of?" Irioth tried to say he did not want a quarrel. He tried to say that there was work for two. He tried to say he would not take the man's work from him. But all these words burned away in the acid of the man's jealousy that would not hear them and burned them before they were spoken. Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse.
