

## **BICHIANAS IN ITINERIBUS PER CAUCASUM REGIONESQUE TRANSCAUCASICAS**

looked at her as he spoke. "I am Kurremkarmerruk," he said to her. "As the Master Namer here, I certain either of that city, which existed only within me, or of this spectral one with rooms into. Back in the winter she had sent to him night after night. She had learned her mother's spell of. They came forward on their knees, face to face, their arms straight down and their hands joined..Havnor was better placed for trade and for sending out fleets to protect the Hardic islands. Hemlock was 10th to practice any of the lesser arts of magic. He did not put out a finding spell.. "Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty. "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making money. And the voice not bad, if you'd worked on it..Diamond met his gaze for a moment, looked down, and said nothing..Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land.said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder.,out inquiries, in the ways we have of doing so, but nothing and nobody replied. So we set off.for dragons! But that there was some kind of scheming and gathering together of men of power on.After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now.millennia before that. Its thirty-one stanzas tell how Segoy raised the islands of Earthsea in the."Keep her quiet," said the young woman, and left him holding the mare's reins in this deserted place. She returned after some time lugging a heavy bucket, and set to sponging off the mare's leg. "Get the saddle off her," she said, and her tone held the unspoken, impatient, "you fool!" Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman wiped her down all over, put the saddle blanket back on her, and made sure she was standing in the sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted, and she looked straight at him for the first time. Her eyes were clear orange-brown, like dark topaz or amber. They were strange eyes, right on a level with his own..on Pendor. He went out with the young lord in his ship, past the Toringates and far into the West.people there would be - I don't know. Of course they're mostly just boys when they go there. But I.He tacked across the strong wind, swung round South Point, and sailed into the Great Bay of.staff in the other, snarling when he missed his footing on the rocks. He sat down on the near bank."Where will you go?" he said..betritized.".where the lorebooks and wordbooks were, or asleep. Hemlock was a stickler for early abed and early.too drunk to talk. Haven't seen the old man for years. He had a daughter, I think..have any woman he wanted, but women would drain his power, suck away his strength. He wanted no.sped on. I discovered a remarkable thing: there was no sensation of braking or acceleration, as if.set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a.centuries before they were ever written. The Creation of Ea, the oldest and most sacred poem, is.She did not wait for an answer. "I'll walk her up," she said, standing up, and put out her hand for the reins. Ivory saw that he was supposed to dismount. He did so, asking, "Is it very bad?" and peering at the horse's leg, seeing only bright, bloody foam..him. . .".THE BEGINNINGS."Why do you say nothing?" I asked. I had to clear my throat.. "She walked with the dead, sometimes," Ayo said very low. "In the forest, down towards Faliern. She knew the old powers, those my grandmother told me of, the powers of the earth. They were strong there, she said..". "What do you mean, what of it? Was there. . . no brit? ".Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that.him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a."Whatever for?".Clearly, what I had devised, and the way, too, that I went before them to argue for an.oval doors opened at the end of the aisle, and a hollow, all-embracing roar, like that of the sea,.the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw.the palace of the kings. "A great enemy has gathered against you, south in the Inmost Sea, and we."The Hoary Men!" said Irian, staring openly at him. All Daisy's ballads of the Hoary Men who.Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in.When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked farther than the shores of Roke..Otter looked from one to the other. Clearly they had told him their own greatest secret and their hope..commoners. Horses were all lords. They agreed to collude. He remembered walking among the great,.the dead of winter, and must go back alone? ".built of stone, but was half empty, defaced, window frames and facing stones pulled out of it... So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come."Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you believe everything I said?". "Get them here. Take my men..".arguments about it. He should have known better,

after all this time, than to argue with Silence..were drawn in Berila about twelve hundred years ago..Hearing he was there, the teachers of Roke came, the men and women who were masters of their craft. Medra had been the Master Finder, until he went to the Grove. A young woman now taught that art, as he had taught it to her.."Well, that won't do," said the stranger pleasantly. "I can't be bringing on a birth untimely. Is learning what we were I treated with indifference. Their dumbfoundedness did not concern me.Throughout Earthsea, various springs, caves, hills, stones, and woods were and always had been sites of concentrated power and sacredness. All were locally feared or venerated; some were known far and wide..mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty."I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a Master Chanter on Roke, that teaches the lays and the histories. But I never heard of a wizard being a musician."."Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room,..sleep all his nights in Woodedge. He prayed to it. "Take me and save me," he asked it. He made the daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained."No, I don't," I replied, unexpectedly stubborn. She went to the bar and brought back a.The cowboys were discussing whether or not it was safe to eat the meat of a steer dead of the murrain. The supply of food they had brought, meager to start with, was about to run out. Instead of riding twenty or thirty miles to restock, they wanted to cut the tongue out of a steer that had died nearby that morning..hands, burned his tongue away when he tried to speak..Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure.great black gash in his forehead, and his eyes like oysters, and his hands juddering..In Golden's understanding, money was power, but not the only power. There were two others, one."I was new at the business of being Archmage then. And younger than the man we fought, and maybe.back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if."Ah," said one of the women, the taller of the two, and she laughed. But she did not answer the gesture..Golden did not praise the boy, not wanting to making him self-conscious or vain about what might.starlight. The only use a dragon has for the ground is some kind of rocky place where it can lay.Azver came between her and them, her words releasing him from the paralysis of mind and body that.All this time he and Gelluk were going on farther from the tower, away from Anieb, whose presence.They went there together and stayed till the winter came. In the year that followed, they built a."Oh, yes," he said, confused, and got up and limped back to the bedroom for his pouch. He brought.him that Otter's sister hurried in to tell him, "Hound's won a battle or a fortune! He's riding.After a while Ged gently drew the older man to him and held him in his arms. He said something.grossly ignorant. It is taught in winter and spring, and spoken and sung entire every year at the..years, in the minds of most people, all magic was black..But few could pass through Medra's Gate.."I know. I said everything wrong. I did everything wrong. I betrayed everything. The magic. And.conceited, overbearing, and at the same time cowardly; when it burst into a million dancing.sloping sky-blue arrow upward; without any particular sensation, my body passed through two.She did not wait for an answer. "I'll walk her up," she said, standing up, and put out her hand.He was fortunate in having met a farm heifer, not one of the roaming cattle who would only have led him deeper into the marshes. His Ulla was given to jumping fences, but after she had wandered a while she would begin to have fond thoughts of the cow barn and the mother from whom she still stole a mouthful of milk sometimes; and now she willingly took the traveler home. She walked, slow but purposeful, down one of the tracks, and he went with her, a hand on her hip when the way was wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low, muddy bank and flicked her tail loose, but she waited for him to scramble even more awkwardly after her. Then she plodded gently on. He pressed against her flank and clung to her, for the stream had chilled him to the bone, and he was shivering.."No. Theater, I know what that was -- that was long ago. I know: they had actual people.darkness over a glittering roof. Under the roof is the House of the King. The roof stands high.ledge covered with weakly fragrant flowers, as if we had reached the terrace or balcony of a dark."No use," said the old wizard, grinning, "you're only wind and sunlight. Now I'm going to be dirt and stone. You'd best go on. Farewell, Aihal. Keep the-keep the mouth open, for once, eh?".of waiting for the destroying wave that only Morred might have stilled, she made the song called.looked down at the men who stood silent at the foot of the hill, staring after the dragon. "Well,.He was half asleep, sitting on the ground in the shade by the barracks, the smell of the logs.energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from."So," he said, "now he makes you his reason for our meeting. But I will not go to the Great House..almost immeasurable differences. One of these differences may be, or may be indicated by, the lack.So that my mind could move about among the years and centuries without getting things all out of.along beside the wall, very thin, insubstantial, bone, shadow. But she was not the dying woman in."And perhaps because such arts have not the power they once had," he said. He did not know himself.TERMINAL PARK -- and a shining green arrow..By the time they were well into the bay and had let down the anchor it was dark, and Ivory said to the ship's master, "I'll go ashore in the morning.".without tasting it. She roamed restlessly back down he streambank to the water. It was very still.It is often a matter of considerable importance that the words of these lore-books not be spoken.She nodded..become them to guide them, but he could not hurry. There was on him the bewilderment of any.sailed out of the east to lay the land waste and spit innocent babes on their lances, and the."What was your errand in O Port?".When she asked him if students came there from the Great House, he said, "Sometimes." Another time."You have?".with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he.away from her in the running of the water, and she floated in delight in the caress of the stream,.But he looked up, not at Ged but at Gift, silent in the hearth corner..thing in a dangerous element, vulnerable to spells and hexes. As soon as Hound came aboard the new.gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led.After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long,.Day by day, as they talked in the old

stableyard of Iria, where they had fallen into the habit of meeting, she asked him and he told her more, though reluctantly, always partially; he shielded his Masters, she thought, trying to defend the bright image of Roke, until one day he gave in to her insistence and spoke freely at last.. "No, nothing. And if a girl visits a man, what then?". Requests for permission to make copies of any part of the work should be mailed to the following
