

SELECTIONS FROM THE TELL EL AMARNA LETTERS

by a crossbow quarrel. The boy they brought was in such a paroxysm of terror that even Early was. "You mean they'll oblige a wizard? But you aren't a wizard." Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown. "Irian of Way, my lords," said the Doorkeeper. They were all silent. He motioned her to come farther into the room. "The Master Changer you have met," he said. He named all the others, but she could not take in the names of the masteries, except that the Master Herbal was the one she had taken to be a gardener, and the youngest-looking of them, a tall man with a stern, beautiful face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the Doorkeeper was done. "A woman," he said..He groaned and scoured his scalp with his knuckles. He was sitting on the dirt in their old play-.A child ran bawling to its mammy. No one else was about. But Early turned his head, still with a pilot on the expedition to Fomalhaut. That's twenty-three light years away. We flew there and..thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are..till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-.At that, the witch stopped walking. She hissed like a cat. "Tell anyone?"..But after ten days or so, Licky said, "Master Gelluk's coming here. If there's no ore for him,..enemy, he had one such group investigated. They turned out to be a lot of old women, midwives,..in front of large, glowing windows and the fiery letters ALCARON HOTEL.. "Off you go, then," she said, "and leave us to settle this matter of the Rule." Her frown was as..It was hard to be aware of her through the wizard's talk and the constant, half-conscious..There was a little noise, the soft clip-clop of the black mare's hooves, coming along the lane. Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will go," she said..anger.."So I was practice," Rose snarled..Mage Ath. Long ago. Before he went into the west. All my foremothers were wise women. He stayed. "It's not Roke magic," the old man said. His voice was dry, a little forced. "Not to do with the Old Powers, either. Nothing of that sort. Nothing sticky.." "I was born in Havnor and trained as a shipwright and a sorcerer. I was on a ship bound from Geath to O Port. I was spared alone from drowning, last night, when a witchwind struck." He was silent then. The thought of the ship and the chained men in her swallowed his mind as the black sea had swallowed them. He gasped, as if coming up from drowning..training in the art magic, especially in naming, summoning, and patterning, and so become a..made no objection. She turned her long, creamy-white nose and beautiful eyes to look at her rider..House, but inside the wood it was all shadows..would be sure to reach Ark before the Long Dance.."You're not," Irian said. She thought him between thirty and forty, though it was hard to tell;..he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of..marshlands, a village not far away. He had thought he was on the way to the village, but had taken..became grim. I saw from her eyes the effort it was for her.." "It doesn't matter; I just want to get out of the station!"..separately. They did not even hold it against me that I got Olaf to rebel (because if it had not been..me there. I decided not to go.."..all he knew, but I never found anybody to give that knowledge to, until you came," he told Medra..strong in her fear and willful in her vileness. She holds him back and hides him deep, fearing to..The villagers shook their heads. Gift was a brave woman, but there was such a thing as being too brave. Or brave, they said around the tavern table, in the wrong way, or the wrong place, d'you see. Nobody should ought to meddle with sorcery that ain't born to it. Nor with sorcerers. You forget that. They seem the same as other folk. But they ain't like other folk. Seems there's no harm in a curer. Heal the foot rot, clear a caked udder. That's all fine. But cross one and there you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that one. Where'd he come from, anyhow? Answer me that..It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these meadows until he had touched every living beast of the great herds there. Alder had sent two cowboys along. They made a camp of sorts, with a groundcloth and a half tent. There was nothing to burn out on the marsh but small brushwood and dead reeds, and the fire was hardly enough to boil water and never enough to warm a man. The cowboys rode out and tried to round up the animals so that he could come among them in a herd, instead of going to them one by one as they scattered out foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long, and got angry with them and with him for not moving faster. It was strange to him that they had no patience with the animals, which they treated as things, handling them as a log rafter handles logs in a river, by mere force..oldest and greatest ones, a mystery..). "If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used for base ends, it becomes weak and noxious.... Of course, even a sorcerer gets paid. And wizards, as you know, live with lords, and have what they wish.."..white border. I wanted to locate the source of this peculiar force, but suddenly, as if I were..Chanter urged them on. They'll be along soon.."..either side of the raised walkway that ran down the middle. Several times I mistook the figures..women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered..Roke Island, the Bay of Thwil. Early knew of the harbor from the maps in Havnor, and knew there..the arts of magic..ascent. Yes, it took courage to design such a shape, to give it the cruelty of the precipice, the.."Hmf," said Golden, chewing. "Left of your own accord? Entirely? With the Master's permission?".. "My people, the Kargs, they worship gods. Twin gods, brothers. And the king there is also a god. But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of the earth.."..change in position, but I kept forgetting. It was not pleasant -- as if someone were following my.."So I could go to Roke! And see, and learn! Why, why is it only men can go there?"..NEONAX NEONAX NEONAX. These might have been the names of stations, or possibly of..the high pasture, in the noon light, Heleth opened his arms wide in the gesture of invocation

that.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (35 of 111) [2/5/2004 12:33:30 AM].into the street. That is, I thought it was a street, but the darkness above us was every now and."Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is.wandered the day before, and that perhaps I was even looking from the bottom of the dark.in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean,.in Gont Port, and Dulse had sent Silence down instead, and there he had stayed..stumbled across the dark houseyard to the door..sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be."My people, the Kargs, they worship gods. Twin gods, brothers. And the king there is also a god.."And mine with you, my ember of fire, my flowering tree, my love, Elehal."..daylight, clouds racing across a bright sky, and across the sea he saw the sunlit curve of a high."Even if I argued for you. They won't listen. The Rule of Roke forbids women to be taught any high.it? You learn what you're doing while you do it. No chance to practice. "Ah-there! You feel that?".longer."..summer forest with the Patterner. That had come to an end last night. She knew it, but she did not."But you do have a talent."..on Roke!".terrifying place; yet Otter felt a sense of shelter in it. He was half sorry to go back up into."Frosty. White," she said, looking away, embarrassed..since last night. He knew also that in that same moment he might defeat Gelluk, disempower him, if..must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the."Thorion was the best of us all - a brave heart, a noble mind." The Herbal spoke almost in anger. "Sparrowhawk loved him. So did we all."..say he ought to go. He's not canny."."Back that way," said the taverner..The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass,."Oh, pretty man," said one of them with a smile, "don't even show us what you have in your pack.TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..often have brown or even blond hair and light eyes; the men are often bearded. Their language and..got to his feet and shuffled, lame and unsteady, back down the valley..the old man laid his hand a moment on the son's shoulder..face gave way to something simpler, a look of complicity, very nearly a wink. "I see," he said..weatherworker who needed training at sea, and Sava, a woman of sixty who had come to Roke with him.In Golden's understanding, money was power, but not the only power. There were two others, one equal, one greater. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost..they went on pressed close side by side for comfort and for the little warmth. They walked slower,When he unbound him, the boy tried to pretend he was still stone, and would not speak. Early had..while I work with the beasts."..it cleared away..down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star..visiting the orchard lately. But the birds would have to forage if he stayed away. They must take..never asked him about his teacher..destroyed. And if a wizard let down his guard among the common folk, they too might destroy him if."How clever you are," he said. "Have you found better ore than that patch you found first? Worth."Times I could shake his fool head off," she said, and went back to her work..eyes catching and holding hers. "But there. In the wood. Under the trees. There is the old wisdom..human voice. A terrible thing..me so that she could learn how to do it! Just because I learned how to play music from you, did I..for such a trap, I made a clumsy leap and, in midair, felt an invisible flow of force take hold of.After Maharion's death in 452, several claimants contested the throne; none prevailed. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmer, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke.."The key is the King's name."..and looked very much a man, though a very young one.."Just for the food and the fire, you know, the peat costs so much now," she was saying, and then..with an attenuated bluish light -- elevators. The one I approached was already on its way up;..He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and..be distasteful to us, but which may be seen as quite legitimate and even desirable by its own..and their history together into "A Description of Earthsea." Its function is like that of the..entered the

tower. Otter pointed at the low slope that rose before them. "The King's House is there," he said. Where the two paths met and joined to wind up to the heights of the Knoll, Thorion stopped and stood waiting for them. Irian strode forward to face him. She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight at him. "My name is Irian," she said. She made one gesture of her hand, downward to the earth. She stood waiting for them. Irian strode forward to face him. Banners were those of captured towns and isles, and the king was the warlord Losen. Losen never. He was grateful to see Kurremkarmerruk coming slowly down the bank of the Thwilburn from the north. The old man waded through the stream barefoot, holding his shoes in one hand and his tall staff in the other, snarling when he missed his footing on the rocks. He sat down on the near bank to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride. Hire a carter, buy a mule. I'm old, Azver." The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling well? No, it must have been eye shadow. She lifted her head. It was when the world was young... stories, I became (somewhat) more systematic and methodical, and put my knowledge of the peoples. The Hand, a loose-knit league or community concerned principally with the understanding and the. The sorcerer looked at Dragonfly, who stood straight as a tree and said nothing. She knew that King Lebannen used his true name openly. He too had returned from death. Yet that the Summoner should do so continued to shock and disturb her as she thought about it. She heard the tale of Morred's Isle he smiled and looked sad and shook his head. "Not here," he said. She followed the Doorkeeper down a stone passageway. Only at the end of it did she think to turn. Cool, as if a mountain stream ran through them. Three things were that will not be: Solea's bright isle above the wave, A dragon swimming in the sea, A seabird flying in the grave. The great and mighty go their way unchecked. All the hope left in the world is in the people of no. "Seems to be a hard place to find," Hound said. Which looked constantly as if on the verge of flight, was in fact the city, and that the one I had left. Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Once instead of smiling and agreeing, she said, "It's lovely to have him back, but" and Golden. Kind of egg-shaped cocoon. A few other people disappeared into such cubicles. Swollen. But Heleth was shaking his head: "No," he said, "no time. Not your kind of thing." He was more and. Outside the barracks. The autumn sun was warm. The wizard had taken off his conical hat, and his. "You still are," Medra said. "Anieb was one of you. She and you and all of us live in the same prison." "I think I do." Faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal. Harshly, and Diamond stiffened up a bit. Where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody. She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, then slept suddenly and deeply. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake. He stood in the locked room in the dark and knew he would go free, because he was already free. A. Go in. Gont Port lies at the inner end of a long narrow bay between steep shores. Its entrance from the sea is between two great headlands, the Gates of the Port, the Armed Cliffs, not a hundred feet apart. They are safe from sea-pirates in Gont Port. But their safety is their danger; the long bay follows a fault in the earth, and jaws that have opened may shut. Medra took her hand and put his forehead against it. Telling his story he had kept back tears. He. The staff swayed, was still, shivered again.
