Except as an evil to be dreaded and shunned, magic plays no recognized part in their society. This inability or refusal to practice magic puts the Kargs at a disadvantage with the Archipelagans in almost every respect, which may explain why they have generally held themselves aloof from trade or any kind of interchange, other than piratical raids and invasions of the nearer islands of the South Reach and around the Gontish Sea.."Irian of Way, my lords," said the Doorkeeper. Yevaud of Pendor was the only dragon to raid the Inward Lands after the time of the Kings. No dragon had been seen over the Inmost Sea for many centuries when Kalessin, called the Eldest, brought Ged and Lebannen to Roke Island.. "Get the sail down," Medra said, peremptory. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oarman, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope.
